

# 2nd International Women's Leadership Development Conference & Good Governance Empowerment Training 2014

[www.icdi-uk.net](http://www.icdi-uk.net)

**Theme:**

**WOMEN AND EFFECTIVE LEADERSHIP IN THE 21ST CENTURY: A GLOBAL PERSPECTIVE**

**Monday 1st -- Friday 5th December, 2014**

The 2nd Edition of the ICDI – International Women's Leadership Conference and Good Governance Empowerment Training is an annual 5-day program, which consists of four components: Conference presentations & Keynote Speeches; Training sessions on 'women's leadership and empowerment'; Workshop & Roundtables; Open Networking Streams; and Film/Poster Presentations.

The conference and capacity-building event brings together potential women leaders, good governance practitioners and advocates and aims to share research, knowledge and experience that exist around the globe in the areas of women's leadership, management and strategic development.

It will aim to build capacity for women's leadership and good governance advocacy, and its sessions will include recognised international plenary speakers, workshops and training experts and consultants, as well as "real-world" skills developers in gender mainstreaming and women empowerment.

The training and workshop is designed for top government officials and departmental managers (from the capacity of council chairmanship, parastatal officials and ministry directors), corporate management practitioners, HOD's and managers, researchers, civil society planners, multinational corporations executives and policy makers who are, or aspiring, in management positions and promotes best practice management, leadership and education.
